DANGEROUS FRAME BUILDINGS.

LETTER FROM CHIEF RYAN-OR-DINANCE AGAINST HAND-BILLS.

Messrs. Camp and Joynes, of the Ordinance Committee of the Councils, met last night at 8 o'clock.

Chief M. J. Ryan, of the fire department, was present to explain and emphasize a letter he had sent to the com-

mittee.

The letter called attention to the The letter called attention to the custom prevailing with the City Councils of granting privileges for small frame bundings to be built adjoining and in the rear of brick buildings. In many cases these frame buildings prevent the escape of occupants in case of fire. The custom is to give permission for one small frame building, then for another small building till there is a large building composed of several

another small building till there is a large building composed of several small buildings.

Chief Ryan mentioned one case of a small addition on Church street where, in case of a fire in the large building, the persons in the small building would have to be removed by ladders. Action was postponed for a full meeting. The subject of the distribution of circulars and hand-bills was considered. The present law forbids them entirely.

The object of the consideration is the petition that has been offered, asking

petition that has been offered, asking a modification of the law.

A new ordinance had been proposed

A new ordinance had been proposed to prevent the distribution of dodgers on the streets. This ordinance was disapproved because it required the permission of the mayor, which would make it inoperative. The mayor would not discriminate between applicants to distribute hand-bills, but would grant all of them.

The Plumbing Inspector, Mr. Orr, is to be asked to draft a law providing the inspector with authority to condemn bad plumbing, as well as to suggest what plumbing shall be done. Under the present ordinance he has no authority to require sanitary plumbing to be done, no matter in what condition he finds the plumbing that has already been in use.

The Virginia Conference convened in its sixth day's session at 9:30 a. m. yesterday and was called to order by Bishop Duncan. Devotional exercises were conducted by Rev. Joseph H. Rev. C. C. Wertenbaker, of the Isle of Wight circuit, asked for a superof Wight circuit, asked for a super-annuated relation. He spoke very feelingly of his relations with his brethren, with whom he had labored in the itherant ranks of the ministry for so many years, and said that he regretted to have to take the relation he had asked for, but his physical con-dition required it. He said that owing to his illness the work on his circuit was not as satisfactory as he would like it to be, but that some good had been done and souls had been saved. like it to be, but that some good had been done and souls had been saved. He reported a decrease of 12 on his circuit. Mr. Wertenbaker's character was passed and his name was referred to the Committee on Conference Relations for a superannuated relation.

Rev. John C. Granberry, Jr., be discontinued from the Conference, as he desired to enter upon the pursuit of certain studies. The request was granted. Mr. Granberry was stationed at Williamsburg last year.

Rev. John W. Lillaston was on request of Dr. Judkins granted a local deacon's orders.

Rev. C. W. Cain, through his presiding elder, Rev. W. E. Judkins, asked for a superannuated relation on account of feeble health. Mr. Cain gave an account of his labors on Cambridge circuit, Md., last year. He said that for twenty years he had served in the active work going willingly wherever the Conference assigned him, and that it was a painful step he had to take in giving up his loved employment, but his physical condition demanded it. He said the work on his circuit was in good condition in several degrees. His name was referred to the Committee on Conference Relations.

VIRGINIA BIBLE SOCIETY.

Rev. W. A. Campbell, agent of the Virginia Bible Society, was introduced. He made an able address, in which he presented the claims of the society he presented the claims of the society to the Conference, giving some very interesting statistics. He said the American Bible Society had distributed over \$00,000 Bibles and had expended over \$150,000 in circulating the Word of God among the destitute, and that it had been translated into 400 different languages; that there were 2,200 languages into which it had not yet been translated. He said the general plan of the Bible Society was to place the Bible in the hands of all the people. He said that out of 179 families visited by the agent of the Society, 45 were without the Word of God. Practically speaking, the only organization in the State that is putting the Bible in the hands of the people is the action in the State that is putting the Bible in the hands of the people is the Virginia Bible Society. There is no surer way of reaching the unfortunate than by placing the Word of God in their hands. He said that a man in China, while in prison, consumed 900 hours in reading the Bible. One man in the State penitentiary had been the means of bringing four souls to Christ in six weeks by reading the Bible to them.

in six weeks by reading the Bible to them.

Rev. Dr. Whitehead offered a resolution endorsing the Virginia Bible Society, and asking that the preachers on the several charges take up a collection for the cause at as early a day as possible during the new Conference year. The resolution was adopted.

Rev. D. G. C. Butts said that head raised \$9.50 on the Gloucester Circuit for the Virginia Bible Society.

THE GALVESTON FLOOD

THE GALVESTON FLOOD.

Rev. Mr. Bradsfield, pastor of St. John's M. E. Church, South Galveston, Texns, was introduced by the Bishop, and addressed the Conference on the recent disaster in that city. His description wan a graphic one and was listened to with the most earnest and thoughtful attention by the Conference and large audience in attendance. The church of which Mr. Bradsfield was pastor cost \$60,000. He said it was completely destroyed by the storm and lost from its membership by the appalling disaster 100 persons, many of them its most solid and substantial members. He said that Dr. Young, of the Virginia Conference, was a former pastor of this church. The speaker expressed his blichest appreciation of what had been done by the people for the Galveston sufferers, but asked the Conference for a further contribution to aid in the re-crection of St. John's Church.

Dr. A. Coke Smith made a strong

Dr. A. Coke Smith made a strong plea for St. John's and the Methodists of Galveston, and read a letter from Bishop Candler on the subject. A collection was then taken up, and subsequently a large number of the prenchers pledged various amounts as donations from the churches of the Conference for the purpose indicated. Smith made a strong Dr. A. O plea for St of Galvest

After the reading of the majority report Rev. R. T. Wilson requested that action on it be deferred until the minority report could be heard, and the Bishop so ordered.

MINORITY REPORT.

Mr. Christian then read the minority report, as follows:

"A minority of your committee appointed at the last conference to consider that part of the report of the Board of Education relating to the Bowling Green Seminary, ascertain that by a deed from E. H. Rowe and wife, dated November 12th, 1900, all conditions and limitations in the former deed of November 20th, 1899, have been removed; that the seminary has been incorporated by act of Legislature approved February 5, 1900.

"That the mortgage of \$4,993.34 yet remains.

"That the mortgage of \$4,993.34 yet remains.

"That the trustees make no contention for our part of the Twentieth Century Thank Offering.

"That the Board of Trustees, to whom the gift has been made in trust for the M. E. Church, South, have been confirmed by the Randolph-Macon District Conference. In view of the foregoing and believing it for the best interests of the church and the seminary, while the mortgage is unpaid;

"Resolved. That the Southern Seminary remain now as it is, and that we continue to recommend it as in years passed.

REV. CHRISTIAN SPEAKS.

REV. CHRISTIAN."

REV. CHRISTIAN SPEAKS.

Mr. Christian made a strong and forceful address in advocacy of the adoption of the minority report. He thought it a very poor business policy to accept a piece of property and assume moral responsibility for it while it is under mortgage up to its taxable value and situated in a country village away from railroad connections and without any of the modern conveniences that schools have at this day. He said he had no intention of reflecting upon Mr. Rowe, who is a member of the conference, but would say that when the conference accepts a gift it should beware that it is not a "wooden horse," which, as had happened with the people of old, may cause a great deal of trouble when it gets in camp. At this stage of the proceedings the conference became involved in legal points in the discussion, in which a number of the preachers and one or two laymen participated, consuming a REV. number of the preachers and one or two laymen participated, consuming a great deal of time. Dr. Smith, seeing that the discussion would probably be prolonged to an almost indefinite period, submitted the following ques-tions of law for the Bishop to answer:

A QUESTION OF LAW.

A QUESTION OF LAW.

"The Southern Seminary, located at Bowling Green, Va., which for the past twenty years has been under the care of the church, having been deeded to a board of trustees for the Methodist Episcopal Church, South, and for school purposes, and the deed having been signed and accepted by said board of trustees, the following question of law is propounded for Episcopal decision:

law is propounded for Episcopal decision:

"Does such acceptance of the said Southern Seminary by the said Board of Trustees, to be used for the purposes designated, make the said Southern Seminary the property of the church, to be used as designated, without first being recommended to the conference by the Board of Education?"

The Bishop said that he desired time to consider the question, and, on motion of Rev. Jas. Cannon, the subject was laid over until the Bishop could have time to decide it.
